Dear Parent or Guardian,

We are celebrating Earth Day this spring by participating in the 13th Annual Neighborhood Forest free tree program, whose aim is to provide free trees to kids every Earth Day.

Since 2010, Neighborhood Forest has engaged over 1,000 institutions, reached over 250,000 families and planted over 90,000 (mostly urban and residential) trees through the hands of children and parents across North America. We endorse this project and are excited to be participating in this wonderful program that teaches kids stewardship through the magic and wonder of planting and watching trees grow.

Please fill out the following online registration form by **March 10th** and receive a free tree (6-12 inches in size) during Earth Week (April 22-30). Trees will be delivered to the North Judson-Wayne Township Public Library and we will arrange to get the trees in the hands of your children on or around Earth Day (April 22nd).

Planting instructions and species information will be emailed a few days prior to the trees arriving to the e-mail address you provided when you registered.

Use the QR code below to register to receive a free tree for Earth Day to plant with your child:
